

## Golf

The island offers golf enthusiasts the chance to play a nine-hole game or an 18-hole course using the alternative tees. With stunning coastal views of France and historical monuments, the course is one of the Channel Islands' most scenic and testing. Golf clubs and trolleys are available for hire, green fees are very low and the club is not over-subscribed which means it is possible to hit the links course without having to pre-book a tee-time. There are competitions all year and visitors can expect a warm welcome.

## Tennis

The Alderney Tennis Club has four separate county size courts with the latest state of the art "Matchplay11" surfaces. These have a good bounce and are easy on the limbs. There is also a clubhouse, practice court, practice wall and a small junior court. The club extends a warm welcome to visiting players of all standards and by prior arrangement welcomes small groups of up to eight players who can, if requested, play 'friendly' matches against local club players. Coaching is available. Every Wednesday during the summer, subject to weather, the club holds a 'sun downer' barbecue.
